b) Proficiency checks for revalidation or renewal of multi-pilot type and Instrument Ratings;
c) Practical test for the initial issue and proficiency checks for the revalidation or renewal of Instrument Ratings;
d) Aircraft Type and Instrument Rating proficiency checks on multi-pilot aircraft in a flight simulator;

3.9.2 A Flight Test Examiner shall not test an applicant to whom he has given flight instruction for that licence or rating except with the express consent in writing of the Authority.
3.10 Examining Requirements And Procedures

3.10.1 An examiner must conduct all skill tests and proficiency checks according to the applicable requirements and procedures.

a) An examiner is expected to honour appointments unless circumstances warrant cancellation or postponement. It is the examiner's responsibility to reschedule a skill test if the postponement is at the examiner's request.

b) If an examiner cancels a skill test without rescheduling, the examiner shall instruct the applicant to contact the PEL office of the Authority. The PEL office will make arrangements to provide another examiner.

c) The examiner must conduct the oral portion of the skill test in an area free from distractions. The examiner must give the applicant undivided attention during the test and ensure that any discussion of test results with the applicant is in private and may be conducted in the presence of the flight instructor.

d) An examiner must not allow personal prejudices to interfere with objective evaluation of an applicant.

e) An examiner is responsible for maintaining personal flight proficiency and currency, for remaining up to date with regulatory and procedural changes, and for demonstrating aviation safety at all times.

f) If the performance of a pilot who has successfully passed a skill test, is found unsatisfactory due to an accident, incident, or other significant event, or if other evidence reveals a deficient performance by a flight examiner, a flight check of that examiner may be required by an authorised examiner.

3.11 Annual Meeting

The Authority shall hold at least three examiner meetings every year to review problem areas, examiner performance, requirements and procedures and all examiners are required to attend at least two meetings. Attendance at these meetings shall be recorded in the examiner’s file.

3.12 Additional Authorizations

Where a Flight Test Examiner meets the licence qualification, authorization and experience requirements set out in the regulation for each role undertaken, he may exercise a number of roles as Type Rating Examiner, Instrument Rating Examiner or Simulator Flight Test Examiner.

3.13 Re-Authorization

3.13.1 Examiners should apply for re-authorization at least 21 days before the authorization expires. If the examiner has not applied within 21 days before the expiration date it could be understood that the examiners does not desire to renew the authorization. The examiner must
submit to the Authority a completed prescribed application form for re-authorization along with a list of activities and tests done within the previous 12 months preceding the application.

3.13.2 The examiner should have conducted at least four skill tests within the validity period of the authorisation, and that the services of the examiner are still required.

3.14.1 An Examiner shall:
   a) Sign the logbook or any other acceptable record keeping document of each person to whom the examiner has tested;
   b) Maintain a record in a logbook or a separate document that contains the name of each person the examiner has examined, and a record of the kind of test, the date, and the results;
   c) Retain the records required by Regulation 73 of the Civil Aviation (Personnel Licensing) Regulation for at least three years from the date of conducting the test.

3.15 Discrepancies or Ineligibility

If a discrepancy that cannot be immediately corrected exists in any of the documents, the application form and all the submitted documents will be returned to the applicant and should not be re-submitted until the discrepancy has been rectified/corrected.

3.16 Issue of the Authorization

Applicants who meet all criteria and requirements for authorization will be issued a Flight Examiner Authorization in the form of a designation letter indicating the type, and expiration date of the authorization given.

3.17 Non-Renewal or Termination of the Authorisation.

3.17.1 The examiner services could be terminated by not renewing the authorization, rather than by cancellation of the authorization during its validity period.

3.17.2 Where there is no longer a need for the examiner’s services the authorization will be terminated either for the whole authorization or for part of the authorization.
